More than 78% of population of the world is below the level of 200. All levels below 200 are destructive of life in both the individual and society at large. All levels above 200 are constructive expressions of power. The level 500 is characterized by the development of love which is unconditional, unchanging, and permanent. The energy level of 700 to 1000 is of enlightenment. It is of the great ones like lord Krishna, Lord Buddha and Lord Jesus Christ.

Our commitment is to Empower people living below 200 to take a leap forward to 500+ and to experience higher level of Consciousness.
