smarter than  
all of us.

out of the way.

Replace  
the word “I” with  
the word “We”.

Inspire  
someone...  
...to be the best  
they can be.

Be an  
exception,  
not an exemption.

Think  
like a person  
of action,  
act  
like a person  
of thought.

Commit yourself  
to something  
bigger than  
yourself.

Act as if  
what you do  
make a difference.

It does!

Go for it!

Start an  
epidemic.....  
of enthusiasm.

Throw your  
heart over the bar,  
and your body  
will follow.

Don't waste  
time waiting  
for inspiration.

Begin, and  
inspiration  
will find you.

Be on a mission.

Never  
let weeds grow  
under your dreams.

Never  
mistake knowledge  
for wisdom.

Never  
chase a lie.

Never  
laugh at  
anyone's dream.

in someone else's  
hands  
but not you.”

You're alive.....live  
it that way !

The Key to  
developing people is  
to catch them doing  
something right.

People who produce  
good results feel  
good themselves.

Don't wait until  
people do things  
exactly right before  
you praise them.

Feedback is the  
breakfast of  
champions.

No one can make  
you feel inferior  
without your  
permission.

None of us is  
as smart as  
all of us.

Things not worth  
doing are not worth  
doing well.

Success is not  
forever and  
failure isn't fatal.

When you stop  
learning, you stop  
growing.

In life, what you  
resist, persists.

Don't work harder –  
work smarter.

In managing people it is  
easier to loosen up than  
tighten up.

Anything worth doing  
does not have to be  
done perfectly – at  
first.

What motivates  
people is what  
motivates people.

Life is all about getting A's.

Create Raving Fans; satisfied customers are not good enough.

If you want to know why your people are not performing well, step up to the mirror and take a peek.

Managing only for profit is like playing tennis with your eye on the scoreboard and not on the ball.

If you want your people to be responsible, be responsive to their needs.

It's more important to be respected than to be popular.

People with humility don't think less of themselves, they just think of themselves less.

Never ! Never !  
Never ! Never !  
Give Up !

Trying is just a noisy  
way of not doing  
something.

Good thoughts in  
your head not  
delivered 'squat'

Sometimes when the  
numbers look right the  
decision is still  
wrong!

Love is being able to  
say you're sorry.

Good religion is like  
good football;  
it isn't talk,  
it's action.

Take what you do  
seriously but  
yourself lightly.

The trouble with  
being in a rat race is  
that even if you win  
the race, you're still  
a rat.

Think Big !  
Act Big !  
Be Big!

Real Communication happens when people feel safe.

All good performance starts with clear goals.

Different strokes for different folks.

If God had wanted us to talk more than listen, He would have given us two mouths rather than two ears.

Life is what happens to you while you're planning on doing something else.

Without vision the people perish.

If you don't seek perfection, you can never reach excellence.

People without information cannot act responsibly.  
People with information are compelled to act responsibly.

A river without  
banks is a  
large puddle.

Your game is only  
as good as  
your practice.

All empowerment  
exists in the present  
moment.

We are not human  
beings having a  
spiritual experience.  
We are spiritual  
beings having a  
human experience.

You get from  
people what  
you expect.

Inquire within.

People in  
organizations need  
to develop a  
fascination for what  
doesn't work.

Choose work you  
love and you will  
never have to  
work a day in  
your life.

Winning coaches  
make their teams  
to play better  
than them.

Never punish a learner.

People are okay,  
it's their behavior  
that's a problem  
sometimes.

Consistency isn't  
behaving the same  
way all the time.

This is the first time  
in the history  
of business that you can  
be great at what  
you're doing today  
and be out of  
business tomorrow.

The only job security  
you have today  
is your commitment to  
continuous personal  
improvement.

Share the cash,  
then share the  
congratulations.

There is no pillow  
as soft as a clear  
conscience.

It's surprising how much you can accomplish if you don't care who gets the credit.

Positive thinkers get positive results because they are not afraid of problems.

Early in life, people give up their health to gain wealth... In later life, people give up some of their wealth to regain health !

Servant leadership is more about character than style.

Ducks quack.  
Eagles soar.

Eagles flourish  
when they're  
free to fly.

Take responsibility for  
making relationships  
work.

Leadership is not  
something you do to  
people. It's something  
you do with people.

Don't settle for less than what you can imagine.

Take time to identify core values.

Core values must be communicated.

Walk your talk.

Knowing where  
you're going is the  
first step to getting  
there.

As a leader, the most  
important earthly  
relationship you can  
cultivate is your  
relationship with  
yourself.

Purposes can never  
be about  
achievement;  
it is much bigger.

Purpose has to do  
with one's calling -  
deciding what  
business you are in  
as a person.

Have a purpose  
in your life.

Life is a game –  
learn the rules

ability to manifest  
reality.

spirit of joy  
and enthusiasm.

the information you're  
receiving.

and deepest degree  
of knowledge, insight,  
and understanding.

to someone or  
something.

between you and  
another.

someone  
you trust to guide  
you in your path.

their totality  
and support them in  
all their dreams.

Live by a set of  
personal values  
that enhance your  
life.

Disclose your truth  
without altering it.

Examine the  
Unconscious  
expectations that  
dictate your behavior.

Allow? another inside  
for your thoughts,  
feelings, perceptions,  
fears, wishes, hopes,  
and dreams.

Goals formulate  
markers that  
acknowledge your  
progress and show  
you where energy or  
effort is needed.

with your values,  
vision, abilities, and  
potential.

what you want.

to get things done.

effort to create  
equilibrium and  
harmony.

the moment.

you are the source of  
your manifestations.

things clearly... as  
they really are.

state of well-being.

Provide reinforcement  
and strength for  
yourself and others.

accountability;  
acknowledge your  
influence and role.

Find the inner  
strength required  
when  
confronting danger,  
difficulty, or  
opposition.

Explore your  
preferences,  
then select your  
action.

You can trace every  
Sickness every disease  
and every ailment to  
mineral and vitamin  
deficiency and toxic  
accumulation.

If we cleanse our  
body everyday  
our cells  
can live longer.

Our body is its best  
doctor listen to it !  
Our body keeps  
sending signals  
when something is  
wrong with it but we  
often ignore them.

99% of all diseases  
are some how  
related to our body's  
inability to  
heal itself naturally.

Noni provides the
